

Jackie Buske, Local FFA Member, Wins Two Top Awards In Area

Jackie Buske, Hamlin FFA member and the son of Mr. and Mrs. Jack Buske of the Tuxedo community, was the big winner for the Hamlin FFA Chapter at the recent Area II FFA Convention. Jackie was first place winner in two awards. He won the National FFA Foundation Livestock Farming Award and the Texas and Southwestern Cattle Raisers' Award. Jackie was also a successful candidate

for the Lone Star Farmer Degree. His applications for the three awards and his record books will be sent to state's advanced degree record check meeting this week in Austin, where he will compete with other area winners for the state's livestock farming and Cattle Raisers' awards. Gil Lain, son of Mr. and

Mrs. H. D. Lain, was second runner-up in the Area II Star Green Hand contest. He was the winner from the Stamford District.

The Hamlin FFA Chapter placed third in the chapter rating contest. There were seventy-eight chapters in the area contest. Hamlin's application and program of work will be sent to the state contest. Eight chapters from Texas Association of Future Farmers of America will be selected to enter the National Chapter Rating Contests.

Milburn Wink, local vocational agriculture teacher, was first place area winner in the Vocational Agriculture Teachers' Association awards program for his work with newspaper and magazine publicity. He placed second in the district public relations chairman contest.

Gil Lain and Randy George served as voting delegates to the Convention. Rick Shamblin and Jackie Buske attended the convention as members from Hamlin Chapter. The boys were accompanied by Chapter Advisor, Milburn Wink.

Riding Club To Start Family Nights June 18

The Hamlin Riding Club met Friday night and decided to start the family nights on June 18. A trail drive will be held that afternoon ending at the rodeo area. Refreshments will be served.

The family night activities will be held each Saturday night. An entry fee of 25 cents will be charged in each event. Trophies will be given to the winner each week.

Everyone is being urged to make their plans to attend the family fun nights, according to Bill Dominey, club president.

Martin Receives Most of Light Vote Here Saturday

Hamlin voters went with the rest of the State with a majority of 79 votes being cast for Crawford Martin for Attorney General in Saturday's primary run-off election.

Tom Routh, election judge, reported Martin received 64 votes while his opponent, Franklin Spears, received 15.

Calvary Baptist Plans Three-Day Weekend Revival

The three day revival at Calvary Baptist Church will open Friday evening with the pastor, Rev. Carrell Watkins, as the preacher.

Services will be held at 8 p.m. Friday and Saturday and at regular times on Sunday. Prayer services will be held at 7 p.m. each evening.

Oscar Hodo, 74, Dies Here Monday, Rites Held Tuesday

Oscar Hodo, 74, a resident of the Dowell Community near Rotan for 62 years before moving to Hamlin four years ago, died at Holiday Lodge Monday at 12:10 p.m. He had been ill for about four months.

Services were held at 4 p.m. Tuesday at Faith Methodist Church with the pastor, Rev. Tommy Ewing, and H. C. Adair of Levelland officiating.

Born Mar. 7, 1892, in Evant, he was the son of the late Mr. and Mrs. J. G. Hodo. He was married to the former Oma Barker at Rotan Nov. 9, 1912.

A retired farmer, he was a member of Faith Methodist Church.

Survivors include his widow; two daughters, Mrs. N. L. (Mildred) Crowley, Mrs. B. F. (Irene) Ford, both of Hamlin; three brothers, M. A. Hodo of Merkel, Early Hodo of Rotan, and Homer Hodo of Cushing, Okla.; three sisters Mrs. W. C. Brown of Devine, Mrs. Elvin Moody of Lytle and Mrs. Carl Horton of Rotan; two grandchildren and two great-grandchildren. Burial was in Hamlin Memorial Cemetery.

Pallbearers were Cliff Crowley, Murrell McKinney, Ted McArthur, Odell Willbanks, Ben Neepner, and Melvin Clements.

The Hamlin Riding Club will have roping and barrel racing Sunday afternoon at 2 p.m. at the arena on the Aspermont Highway.

Neinda Water Supply Corp. Votes To Seek Federal Loan and Grant

A resolution requesting a federal loan of \$376,800 and a grant of \$295,000 to construct a water system was unanimously passed by 78 members and 108 proxies of the Neinda Water Supply Corp. Thursday evening.

The group, assembled at the Oil Mill Guest House, heard Oris Bruner and Thomas Owens, director and assistant director of the Farmers

Home Administration of Jones County explain some of the possibilities of the loan and grant.

The water system will serve about 250 square miles of Jones and Fisher Counties. W. F. Decker of Abilene, engineering firm representative, said the members expected to hear the result of their request in about six weeks.

The loan and grant will be handled by the Farmers Home Administration. Total amount of money required for the projects is expected to run about \$687,500.

The proposed water system will serve 314 customers and consists of 121 miles of pipelines, two automatic pump stations and six storage reservoirs.

Parents Meet Set Tonight for 'Head Start'

Parents of children enrolled in the Hamlin Head Start Program will meet tonight (Thursday) at 8 p.m. in primary cafeteria.

The program will be explained and questions will be answered.

The teachers, Mrs. Harvey Elkins, Mrs. Lanny Ford and Mrs. Pat Hughes, will be introduced.

Persons interested in volunteer work are to contact Marvin D. Carlton who is in charge of the project. Home-making girls from high school will serve as volunteer aides to the teachers.

Volunteers may serve full time or part time assisting with the many jobs that will need to be done. Parents of children attending are encouraged to volunteer their services. Students of high school and college age will be welcomed.

The bus will make the first run Monday morning leaving the bus garage at 8 a.m. The route will begin in the southeast section, proceed to the northeast section and then north of the Katy Railroad. A permanent bus route will be worked out during the first week of operation.

Attend Seminar

Mmes. E. D. Perrin, D. C. Andrews Sr., O. C. Stice, and J. Osbourne attended a geriatrics seminar from 5:30 to 9 p.m. Saturday in Snyder.

Mrs. Margaret Galey, state L. V. N. A. president, presented the seminar which was sponsored by Div. 50 of Snyder.

Mrs. J. W. Perryman and Mrs. Jamie Warner attended the morning session.

Seven high school students were in Austin Monday and Tuesday for the U.I.L. State Solo and Ensemble event on the campus of the University of Texas.

Receiving II Division ratings were Reba Jackson, alto sax; Randy Morgan, tuba; Jane Ferguson, Pat Perrin, Janet Carson, Rhea Sue Vaughan, French Horn quartet.

John Osbourne, trumpet received a III rating.

Joey Duncan was piano accompanist.

The students were accompanied by Tim Jones, band director, and Mrs. Jack Vaughan.

Stewarts Attending District Assembly

Rev. and Mrs. A. D. Stewart of the Assembly of God church are attending the North Texas District Council of Assembly of God churches being held Monday through Thursday at the Will Rogers Auditorium in Fort Worth.

On Friday the Stewarts will leave to attend the homecoming of the Banner Assembly of God church in Duncan, Okla., where he will be guest speaker Sunday morning.

Mrs. Mamie Miller and Weldon Miller of Abilene will be guest speakers at the local church during their absence.

Absentee Voting In Bond Election Closes Tuesday

Tuesday is the final day for absentee voting on the \$750,000 bond election called by the Board of Trustees of the Hamlin Independent School District for the construction of a new high school building.

The voting is set for Saturday, June 18, at the high school.

All qualified voters residing within the district that have property rendered on the school tax roll are eligible to vote in the election.

The vote will be for a four grade high school building to be constructed on property owned by the district just north of the football stadium.

While final plans for the building must await the passage of the bond election, tentative plans for the building call for a complete high school with two science labs, two home economics labs, FFA shops, physical education gym, band room, and cafeteria.

The school would continue to use the present gym and auditorium for basketball games, concerts and plays. The cafeteria would handle school assemblies and other school events.

Estimated cost of the building is \$600,000.00 with \$65,000.00 allotted for equipment.

The present high school building would be used for the

seventh and eighth grades and the other buildings would house the first six grades. The present buildings will be repaired and remodeled to fit the needs of each school with \$42,000.00 set aside for this purpose.

The need for additional space within the school system has been caused by the complete integration of the schools, the increased requirements and other causes, according to C. F. Cook, superintendent.

An increase in the tax rate will be required to retire the 25 year bonds, if passed. The bond rate will be increased from the present 15 cents to

43 cents or an increase of 28 cents. This is added to the maintenance rate of \$1.50 to bring the total to \$1.93.

This would cause an increase of \$9.69 a year on the taxes of a \$10,000.00 home within the district. An owner of this size home is currently paying \$57.07 a year and this would be increased to \$66.76.

In an effort to avoid any misunderstanding, the school board issued a statement this week stating that there is a possibility that there will have to be a re-evaluation of taxable properties within the next year or two to take care of the increasing cost of local maintenance.

(Editor's note: Local maintenance is the school term used for all of the costs of operating a school system besides building construction that is paid for by the local taxpayers.)

The board is faced with this problem regardless of whether or not the bond issue passes. The statement is made to avoid any bitterness when the issue comes up later, according to Bill Harbert, president.

In releasing the statement this week Harbert said that he would rather see the issue fail than for the people to think that the board was hiding anything from them.

The district is taxing at the maximum rate for local maintenance with its \$1.50 rate and the only way that more monies can be raised for this is by increasing the valuations.

Farm land that is currently being valued from \$6.00 to \$22.00 per acre will likely see the brunt of the increase. Currently a half section of land on the tax roll at \$18.00 per acre, which is average, is paying about the same rate as an \$18,000.00 home in Hamlin.

Booklets on the proposed school improvements have been placed in the business district for the information of the public, according to Cook.

In their statement issued this week the board is urging all of the eligible voters to express their desires on the bond issue by voting June 18, regardless of whether they or for or against the bond issue.

Albany Fail Fatal For Gary Ikler, 31, Rites Held Sat.

Services were held here Saturday at 2 p.m. in Calvary Baptist Church for Gary Edward Ikler, 31, a Hamlin resident since 1948.

Ikler, an employee of Cook Construction Co. of Abilene, was killed about 10:30 a.m. Friday while working as a welder at phase-out operations at the Albany Atlas missile site, one-half mile south of Albany. He was working with a cutting torch which apparently cut through his safety belt.

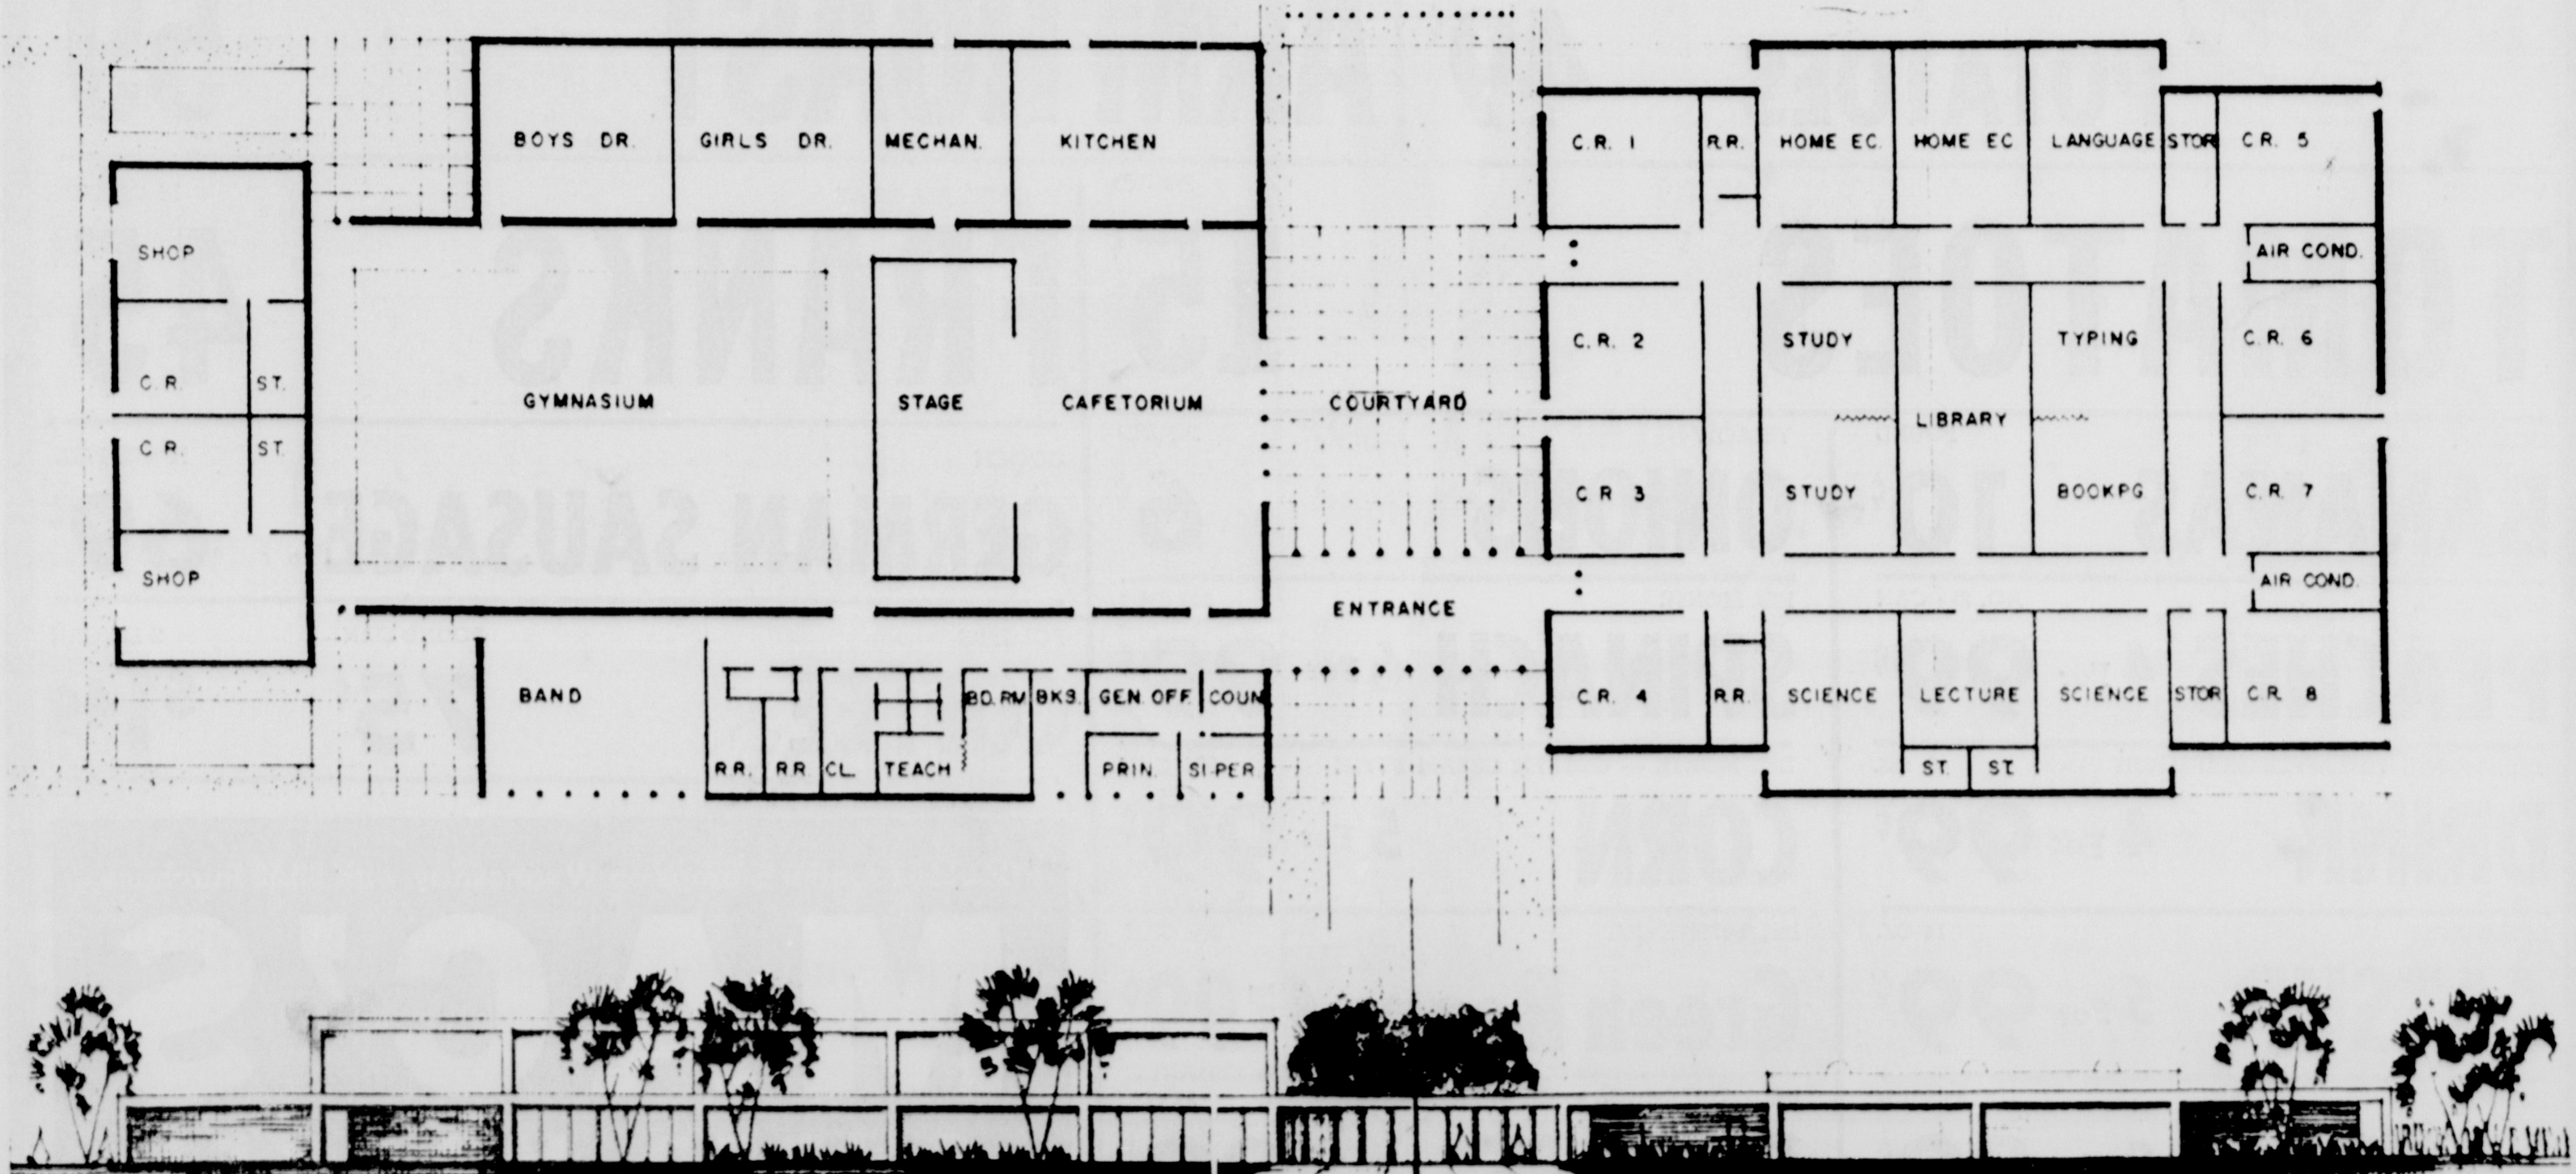

A co-worker said he turned around just in time to see Ikler fall over 160 feet to his death and was helpless to do anything to prevent the tragedy.

Rev. Carrell Watkins, pastor, officiated. Burial was in the Hamlin Memorial Cemetery.

He was born Oct. 24, 1935, in Overton. He married Margie Nell Grimes in Abilene Mar. 18, 1955. He was a member of Calvary Baptist Church.

Survivors are his wife; two sons, Ricky and Danny; two daughters, Gay and Pamela, all of the home; his parents, Mr. and Mrs. C. E. Ikler of Abilene; one brother, Larry of Wichita Falls.

Pallbearers were L. B. Bruner, Calvin Embrey, Carl Bingham, Henry Downey, Willie Ails and Archie Carson.

PROPOSED FOUR GRADE HIGH SCHOOL BUILDING — This is the architects sketch of the new high school being proposed to the voters

Saturday, June 18. Architects for the building will be Title and Luther of Abilene. Complete plans of the building must await the approval of

the \$750,000.00 bond election. Final details of the building will be worked out by the School Board and the architects after this.

MRS. JAYLON LEWIS FINCANNON
... formerly Judy Fitzgerald

Judy Fitzgerald, Jaylon Fincannon Exchange Wedding Vows Saturday

Wedding vows were recited Saturday evening in the First Baptist Church for Judy Fitzgerald, daughter of Mrs. C. L. Howard and the late Mr. J. H. Fitzgerald, and Jaylon Lewis Fincannon, son of Mr. and Mrs. Lewis Fincannon, Abilene, former Hamlin residents.

The double ring ceremony was read at 7:30 p. m. by Rev. Byron Bryant, pastor.

Mrs. Henry Albritton was organist and Mrs. Tim Jones, soloist.

Given in marriage by Mr. Howard, the bride wore a pure white French gown with chantilly lace scalloped at the neckline and elbow length sleeves. The empire-waisted straight skirt was of French crepe and featured the silhouette detachable train. Her squared floating panel chapel train, a combination of the two fabrics, was attached at the shoulders. Her crown of seed pearls held the elbow length veil of illusion. She carried white orchids atop a white Bible, a gift from the groom.

Zelda Ann Bodine of Ackery was maid of honor. Matron of honor was Mrs. Sam Carothers of Dallas, sister of the bridegroom. Bridesmaids were Mrs. Jack Whisenand of Fort Worth, cousin of the bride, Mrs. Ron Buie of Odessa and Ann Johnson of Hamlin.

Attendants wore identical sleeveless gowns of red frosted crepe. The rounded necklines and empire waistlines were accented with red sequined bands. The headdresses were matching sequined bands. Each carried a long-stemmed gladiola.

Jeff Willis was best man. Groomsmen who also served as ushers were Doyle Bell, Jim Bearden, of Abilene, David Drummond, and Harry Bradley of Abilene.

Lisa Howard, sister of the bride, was flower girl and Tony Fincannon of Abilene, brother of the bridegroom, was ring bearer.

The reception was held in Fellowship Hall.

Following a trip to Galveston the couple will reside at

2441 Merchant, Abilene. The bride, a 1964 graduate of Hamlin High School, is a senior at Hardin-Simmons University, and is employed in the H-SU business office. She served as secretary and inter-club council representative of Beta Epsilon Social Club.

The bridegroom, also a 1964 graduate of H. H. S. is a junior at H-SU. He is employed by Southland Corporation.

Rehearsal dinner was hosted by the bridegroom's parents at Sixty-six Sirlain Cafe in Anson.

Cornelius-Woolf Vows Read In Rotan Saturday

Barbara Cornelius, daughter of R. J. Cornelius, and the late Mrs. Cornelius of Rotan, became the bride of Floyd Chester Woolf Jr., son of Mr. and Mrs. Floyd C. Woolf Sr. of Hamlin, Saturday in the Assembly of God Church in Rotan.

Rev. B. J. Curtis of Amarillo read vows.

Cynthia Sanders of Hamlin was pianist and soloist.

Lloyd and Tommy Messick of Rotan were ushers.

The couple was attended by Sandra Woolf, the bridegroom's sister, and Anthony Woolf of Hamlin. Miss Woolf wore a pale blue crepe sheath. The bride, given in marriage by her father, wore a gown of lace and nylon sheer over satin. A half crown of orange blossoms held her veil of illusion. She carried white and blue carnations and mums.

The reception followed at the church.

The couple is living here. He is employed with Hamlin Construction Co.

The bride attended Rotan schools. Woolf attended Hamlin Schools and received his high school diploma while serving three years in the U. S. Army.

Mrs. Clyde Huff Heads Program for LVN Meeting

Literary Club Sets Called Meeting

A called meeting of members of Woman's Literary Club will be held today (Thursday) at 10 a. m. in the home of Mrs. Joe Wayne Carter, according to Mrs. Bob Craig, president.

Members will vote on a course of study for the coming year.

Eva Marie Kallace, Allen A. Loo Set Wedding Date

Mr. and Mrs. F. T. Wallace have announced the July 2 wedding date of their daughter, Eva Marie, to Allen A. Loo of Nana Kuli, Oahu, Hawaii.

The wedding will be in the Laie Temple, Church of Jesus Christ of Latter Day Saints, in Laie, Oahu, Hawaii.

A graduate of Hamlin High School and Hendrick Memorial Hospital School for Medical Records Technicians, the bride-elect is employed by Straub Clinic in Honolulu, Hawaii.

The prospective bridegroom is the son of Mr. and Mrs. Edward L. Loo Sr. of Kamuela, Hawaii. He is a graduate of Honokaa High School and the Church College of Hawaii and is employed by the Department of Education, Honolulu.

Mr. and Mrs. Florentino Alvarado of Roby are parents of a son, Armando, born June

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
About all we can report weatherwise is that it is dry, and getting drier each day. Cotton is coming up, that isn't already up, but it is a dreary looking world that it sees when it does come peeping out. Maybe it will rain, since it is cloudy this Monday morning. Wheat harvest is partly over, the dry days brought it on sooner than it was expected, some patches are still too green. Haven't heard anyone say how it made, the men are all too busy to figure it up and see.

We are glad to report that George Wainscott is feeling much better, but will not be coming home for a few days yet. He had surgery in Hendrick Hospital last Thursday week.

Mrs. Joe Ford did not feel up to coming to church Sunday, we hope she soon feels better.

Jimmy Wainscott, son of Mr. and Mrs. George Wainscott, arrived home last Wednesday, on leave from Hawaii, where he is stationed with the U. S. Air Force.

Most of the folks out our way were in attendance at the oil mill guest house, Thursday night, when the Neinda Water Supply Corp. met to vote to pass a resolution to request a Federal Loan to build the water system which will serve approximately 250 square miles of Jones and Fisher counties. This will be one of the best things to happen to the Rural people since the R. E. A. brought electric service to the farms. One thing that people do have to have is water. Everyone is hoping that it will bring more people back to the rural areas, since that was the main reason for most of them going to town.

Mr. and Mrs. W. I. Goolsby, of Hamlin, requested that I take this way of inviting the folks of this community to the wedding of their daughter, Jeanette, who will be married Friday night, June 10, at 8 p. m. in the chapel of First Baptist Church, to Jimmy Wainscott, son of Mr. and Mrs. George Wainscott. Jimmy was a life long resident of the Fairview community until enlisting in the service.

Visitors of the Drake family Sunday were, Mr. and Mrs. Audrey Bush, Texas City, his mother, Mrs. Monroe Potter, who resides in the Care Home, in Anson, Mr. and Mrs. Walter Wilemon, of Anson. Mrs. Audrey Bush will be remembered by the old timers as Bertha Weathers. Mrs. Wilemon as Lillie Bush. The Wilemons lived in Texas City for many years too, but moved to Anson to be near her mother when her health got bad.

Clois Henry, and children, were Saturday afternoon visitors of the Henry's. The wife, and mother, is in Texas Tech for a few weeks this summer taking a course.

Tuesday afternoon visitors of the Elmer Joiners were Mr. and Mrs. Roy Taylor, Muleshoe, accompanied by their son, Mr. and Mrs. Harold Taylor and four sons, of Phoenix, Arizona. They were enroute to the cabin on Hubbard Creek Lake, where the grandsons were very eager to start fishing. Having known Harold since he was one year old it is a thrill to see his family of fine boys, some of them bigger than he.

There was an ice cream supper at the Fairview Church, Saturday night, with all of the ice cream that we could eat, besides all of the good cakes. We were having such a good time singing that some thought they would never quit and eat. We have such few that it was a treat to have visitors to play and sing, and we all really enjoyed it.

Time to Control Pecan Case Bearer

Now is the time to control the Pecan Nut Casebearer, according to Jones County agent, Kirby Clayton. Because of the variable weather, Clayton says, that the insects have been later emerging from pupa stage and over a longer period of time. This means that two applications of insecticides will probably give better control than one. Make one now and one 7-10 days later, the agent advises.

A good combination spray for insects, leaf fungus and zinc deficiency, says Clayton is 1 Lb. of 80 % wettable sevin, 1 Lb. zinc and 1 Lb. zinc Sulfate per 35 gallons of water. In general a tree requires 1 gallon of the mixed solution per foot of tree height.

joyed it. Mr. and Mrs. M. S. Johnson, Hamlin, Mr. Ralph Goodwin, Eastland, and Rev. and Mrs. Kenneth Leverett, Kimmie, Kristie and Kelly Sylvester, were all visitors. Was the first time our former pastor had visited, so was a treat for all of us.

Mr. Ralph Goodwin, brother of Woodrow Goodwin, came from Eastland, Saturday and spent the night, then Sunday morning they all went to Spur to attend a family get together, honoring a sister, Mr. and Mrs. Archie Hogan, of that city, on their 50th wedding anniversary celebration. The day was spent at the park in Supr, with all taking a basket lunch.

Ronald Joiner spent last week with his grandparents, the Elmer Joiners.

Rev. and Mrs. R. M. Babb went to Abilene, Saturday afternoon to visit with George Wainscott.

Mr. and Mrs. Roy Watts went to Dallas, Sunday, for a reunion of his mother's family, the Cross family.

Mrs. Price Amerson was a Sunday afternoon visitor of the H. L. Ford family. The Ford's lived on her place many years before moving to their present home. Their son, Mr. and Mrs. Jodie Ford and daughter, still live over that way.

Mr. and Mrs. Carl Miller, of Abilene, were Sunday afternoon visitors of the Elmer Joiners. Mrs. Miller is a cousin of Mr. Joiner.

Mr. and Mrs. Henry visited with her brother, Mr. J. E. Boyd, Sunday afternoon, in the rest home in Rotan. She reports him in poor condition suffering the after-effects of several strokes.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin — That mammoth Texas Water Plan was laid out Monday by Gov. John Connally and the staff of the Texas Water Development Board at a special meeting with members of the Legislature.

It shows how Texans can save and improve their water supplies to meet the needs of 30,000,000 Texans expected by the year 2020.

This plan has been called the most comprehensive and far-reaching yet undertaken by a state. It calls for 54 more major reservoirs, for \$1,000,000,000 worth of waste treatment facilities in the 21

major metropolitan areas alone to clean up waste water, and a \$1,500,000,000 system of pipelines and canals to move surplus water from the Red River Basin in Northeast Texas.

This transfer system can only be described as fabulous. First the surplus water would be moved to the Fort Worth-Dallas region. After use, it would be purified and then go down the Trinity River. At a point below Waco, some of it would be moved to the Brazos River to bolster its flow. Near Eagle Lake, some would be moved to the Colorado River to meet downstream irriga-

tion and industrial needs. Finally, water would be moved into canal from the Colorado down the Gulf Coast to the Lower Rio Grande Valley region, to provide irrigation and industrial water for the vast South Texas region.

By supplementing the flows of the Trinity, Brazos, Colorado and Nueces Rivers near their mouths, the plan would make possible the holding of water in the upstream regions of the Brazos and Colorado Basins to serve needs of that West Texas area.

Tightly put together, the plan released Monday is but a summary of the conclusions proposed by the Development Board's staff. Hearings will be held in 27 cities to get other ideas and suggestions, or criticisms. Series of hearings will begin on June 17 with the presentation of the West Texas portion of the plan at Lub-

bock. Then the Board's staff will begin river basin hearings on June 20 at Longview. When the series is completed in August, the Development Board will adopt the final version of the plan. It will become a flexible guide by which the cities, river authorities, water districts, and state and federal agencies will develop the resources of Texas streams.

Before any project actually can be undertaken, its individual feasibility and a method of financing must be shown to the Texas Water Rights Commission, which will approve and grant permits for each project.

Court Speak — State Supreme Court threw its weight behind the decision that once-submerged lands (mud flats) rising from the floor of Laguna Madre in Cameron County are not vacant and unsurveyed public school property

subject to sale or lease on application. Ruling, affirming lower courts, upheld position of Land Commissioner Jerry Sadler in refusing to accept application to purchase a tract 15 miles northeast of Brownsville.

Third Court of Civil Appeals sustained transfer of two small sections of land from Frenship Rural High School District to Shallowater Independent School District of Lubbock County.

Same Court said the Pennsylvania Insurance Company cannot get refund of \$101,589 in gross premium taxes paid under protest for a firm acquired in merger.

Third Court of Civil Appeals directed Savings and Loan Commissioner James O. Gerst to reconsider his denial of a charter to Northwest Savings Association of Houston.

Cattlemen Trying Out New Freeze-Branding for Livestock

Texas cattlemen have been quick to try the newly developed freeze-branding for livestock, according to county agent Kirby Clayton. The way it works is simple enough. The agent says that copper branding irons are cooled to about 94 degrees F. below zero by a mixture of dry ice and alcohol. The dry ice cools the alcohol and the alcohol cools the branding iron.

When the iron is applied, it destroys pigment producing hair follicles and the hair grows out a permanent white.

It makes an extremely legible brand that can be read on the longest haired animals from a distance. It would be a big help identifying cattle in winter when the hair coat is extra long, Clayton said.

Another advantage is that freeze-branding doesn't harm the hide like hot-branding. Estimates are the cattle industry loses several million dollars each year from hides ruined by hot brands.

The freeze-branding is supposedly painless. It's permanent and leaves no scars or thickening areas to cause a dock in price for the hide.

Clayton cautions that the freeze-branding is still an experimental procedure, so no recommendations for its widespread use have been made.

Also, the technique is so new it isn't even mentioned in the branding laws. Branding officials are studying the technique to possibly include it in the law books.

It's important that animals' hair be clipped around the area to be branded to get better contact with the skin. In Washington, researchers use cordless clippers. Then they wet the clipped surface with alcohol and apply the brand.

Several animals in the A&M beef cattle herd at College Station have been freeze-branded experimentally. A&M researchers are using dry ice and acetone. They report good results from 30 to 40 second contacts.

The freeze-branding is fairly inexpensive usually less than a nickel a brand. According to Washington researchers, all-white animals can also be freeze-branded using a nitrogen chilling method.

Sgt. Tommy Sewell in 4-Week Exercise

Army Sergeant Tommy L. Sewell, son of Mr. Calvin J. Sewell, 230 S. W. Ave. D, is participating in a four-week training exercise with the 3d Armored Division at Hohenfels, Germany.

During the exercise, scheduled to end June 10, Sewell is taking part in weapon firing and tactical maneuvers to maintain the combat proficiency of his unit, the 1st Battalion of the division's 48th Infantry.

The 22-year-old soldier is a mechanic in the Battalion's Company B near Gelnhausen. He entered the Army in June 1964 and completed basic training at Fort Polk, La.

Sewell graduated from Hamlin High School, in 1962, and attended Odessa Junior College, Odessa, Texas for two years before entering the Army.

Jerry Cooper In Fort Hood Band

Houston — Army Pvt. Jerry R. Cooper, a clarinet player in the 1st Armored Division's jeep-mounted band from Fort Hood, Tex., participated in an Armed Forces Day parade in Houston, May 21.

Cooper, son of Mrs. Edna G. Cooper, 720 N. W. Avenue F, and members of the band made their first off-post appearance in several months in the 20-block-long parade. Riding in a convoy of Army jeeps, the musicians played several current march arrangements.

The parade also featured late developments in the division's armored vehicles and weapons.

He entered the Army last January and completed basic training at the fort.

The son of Roy E. Cooper, Route 1, he is a 1964 graduate of Hamlin High School.

Former Student Tapped for NHS

Janet Kelley, a junior student at Carlsbad, N. Mex. High School, was tapped into the National Honor Society. Thirty-one juniors, five per cent of the class were chosen for the honor.

Dixie Kelly, a freshman at Mid-High was tapped into the Junior Honor Society. Three percent of the class were chosen. Students who are again tapped in Senior High become members of the National organization.

The girls are daughters of Mr. and Mrs. Jack Kelley, former residents of Neinda. Mrs. Kelley is a teacher in the Carlsbad public schools.

Board Sets Lubbock Meeting On New Texas Water Plan June 17

Austin — A two-pronged meeting of the Texas Water Development Board has been scheduled June 17 in Lubbock.

The first phase of the meeting, said Joe G. Moore Jr., executive director of the TWDB, will be devoted to West Texas in the Texas Water Plan while the second portion will be an official meeting of the Board. Both meetings will be open to the public.

A team from the Texas Water Development Board, headed by Moore and John Vandertulip, chief engineer for the TWDB, will discuss the Texas Water Plan, keying their remarks largely to West Texas, the High Plains, El Paso, and the Trans-Pecos section of the State. Also taking part will be Dr. Hebert Grubb, assistant professor of agriculture economics at Texas Technological College, and Edward G. Weber of Amarillo, a member of the 2020 Water Study Committee for the High Plains. Mills Cox of Gay Hill (Washington County), chairman of the Texas Water Development Board, will preside at the Board meeting.

Also attending the meetings will be the Texas Water Rights Commission and several TWRC staff members.

The opening session of the day-long meeting will be held in the auditorium at Texas

Technological College, beginning at 9 a. m. The TWDB meeting will begin at 1:30 p. m. in the In-Town Inn in Lubbock.

The Lubbock meeting will be the first scheduled following release of the Texas Water Plan in Austin Monday and will open a round of meetings throughout the State during June, July and August.

The Texas Water Plan has been developed at the request of Gov. John Connally "in the public interest and to aid the economic growth and general welfare of the State."

The Plan is a flexible guide for the development and conservation of the State's water resources until the year 2020 when the State's population is expected to pass the 30.5 million figure.

Jackie Buske, Local FFA Member, Wins Two Top Awards In Area

Jackie Buske, Hamlin FFA member and the son of Mr. and Mrs. Jack Buske of the Tuxedo community, was the big winner for the Hamlin FFA Chapter at the recent Area II FFA Convention. Jackie was first place winner in two awards. He won the National FFA Foundation Livestock Farming Award and the Texas and Southwestern Cattle Raisers' Award. Jackie was also a successful candidate

for the Lone Star Farmer Degree. His applications for the three awards and his record books will be sent to state's advanced degree record check meeting this week in Austin, where he will compete with other area winners for the state's livestock farming and Cattle Raisers' awards. Gil Lain, son of Mr. and

Mrs. H. D. Lain, was second runner-up in the Area II Star Green Hand contest. He was the winner from the Stamford District.

The Hamlin FFA Chapter placed third in the chapter rating contest. There were seventy-eight chapters in the area contest. Hamlin's application and program of work will be sent to the state contest. Eight chapters from Texas Association of Future Farmers of America will be selected to enter the National Chapter Rating Contests.

Milburn Wink, local vocational agriculture teacher, was first place area winner in the Vocational Agriculture Teachers' Association awards program for his work with newspaper and magazine publicity. He placed second in the district public relations chairman contest.

Gil Lain and Randy George served as voting delegates to the Convention. Rick Shamblin and Jackie Buske attended the convention as members from Hamlin Chapter. The boys were accompanied by Chapter Advisor, Milburn Wink.

Riding Club To Start Family Nights June 18

The Hamlin Riding Club met Friday night and decided to start the family nights on June 18. A trail drive will be held that afternoon ending at the rodeo area. Refreshments will be served.

The family night activities will be held each Saturday night. An entry fee of 25 cents will be charged in each event. Trophies will be given to the winner each week.

Everyone is being urged to make their plans to attend the family fun nights, according to Bill Dominey, club president.

Martin Receives Most of Light Vote Here Saturday

Hamlin voters went with the rest of the State with a majority of 79 votes being cast for Crawford Martin for Attorney General in Saturday's primary run-off election.

Tom Routh, election judge, reported Martin received 64 votes while his opponent, Franklin Spears, received 15.

Calvary Baptist Plans Three-Day Weekend Revival

The three day revival at Calvary Baptist Church will open Friday evening with the pastor, Rev. Carrell Watkins, as the preacher.

Services will be held at 8 p.m. Friday and Saturday and at regular times on Sunday. Prayer services will be held at 7 p.m. each evening.

Neinda Water Supply Corp. Votes To Seek Federal Loan and Grant

A resolution requesting a federal loan of \$376,800 and a grant of \$295,000 to construct a water system was unanimously passed by 78 members and 108 proxies of the Neinda Water Supply Corp. Thursday evening.

The group, assembled at the Oil Mill Guest House, heard Oris Bruner and Thomas Owens, director and assistant director of the Farmers

Home Administration of Jones County explain some of the possibilities of the loan and grant.

The water system will serve about 250 square miles of Jones and Fisher Counties.

W. F. Decker of Abilene, engineering firm representative, said the members expected to hear the result of their request in about six weeks.

The loan and grant will be handled by the Farmers Home Administration. Total amount of money required for the projects is expected to run about \$687,500.

The proposed water system will serve 314 customers and consists of 121 miles of pipelines, two automatic pump stations and six storage reservoirs.

Parents Meet Set Tonight for 'Head Start'

Parents of children enrolled in the Hamlin Head Start Program will meet tonight (Thursday) at 8 p.m. in primary cafeteria.

The program will be explained and questions will be answered.

The teachers, Mrs. Harvey Elkins, Mrs. Lanny Ford and Mrs. Pat Hughes, will be introduced.

Persons interested in volunteer work are to contact Marvin D. Carlton who is in charge of the project. Home-making girls from high school will serve as volunteer aides to the teachers.

Volunteers may serve full time or part time assisting with the many jobs that will need to be done. Parents of children attending are encouraged to volunteer their services. Students of high school and college age will be welcomed.

The bus will make the first run Monday morning leaving the bus garage at 8 a.m. The route will begin in the southeast section, proceed to the northeast section and then north of the Katy Railroad. A permanent bus route will be worked out during the first week of operation.

Mrs. J. W. Perryman and Mrs. Jamie Warner attended the morning session.

Absentee Voting In Bond Election Closes Tuesday

Tuesday is the final day for absentee voting on the \$750,000 bond election called by the Board of Trustees of the Hamlin Independent School District for the construction of a new high school building.

The voting is set for Saturday, June 18, at the high school.

All qualified voters residing within the district that have property rendered on the school tax roll are eligible to vote in the election.

The vote will be for a four grade high school building to be constructed on property owned by the district just north of the football stadium.

While final plans for the building must await the passage of the bond election, tentative plans for the building call for a complete high school with two science labs, two home economics labs, FFA shops, physical education gym, band room, and cafeteria.

The school would continue to use the present gym and auditorium for basketball games, concerts and plays. The cafeteria would handle school assemblies and other school events.

Estimated cost of the building is \$600,000.00 with \$65,000.00 allotted for equipment.

The present high school building would be used for the

seventh and eighth grades and the other buildings would house the first six grades. The present buildings will be repaired and remodeled to fit the needs of each school with \$42,000.00 set aside for this purpose.

The need for additional space within the school system has been caused by the complete integration of the schools, the increased requirements and other causes, according to C. F. Cook, superintendent.

An increase in the tax rate will be required to retire the 25 year bonds, if passed. The bond rate will be increased from the present 15 cents to

43 cents or an increase of 28 cents. This is added to the maintenance rate of \$1.50 to bring the total to \$1.93.

This would cause an increase of \$9.69 a year on the taxes of a \$10,000.00 home within the district. An owner of this size home is currently paying \$57.07 a year and this would be increased to \$66.76.

In an effort to avoid any misunderstanding, the school board issued a statement this week stating that there is a possibility that there will have to be a re-evaluation of taxable properties within the next year or two to take care of the increasing cost of local maintenance.

(Editor's note: Local maintenance is the school term used for all of the costs of operating a school system besides building construction that is paid for by the local taxpayers.)

The board is faced with this problem regardless of whether or not the bond issue passes. The statement is made to avoid any bitterness when the issue comes up later, according to Bill Harbert, president.

In releasing the statement this week Harbert said that he would rather see the issue fail than for the people to think that the board was hiding anything from them.

The district is taxing at the maximum rate for local maintenance with its \$1.50 rate and the only way that more monies can be raised for this is by increasing the valuations.

Farm land that is currently being valued from \$6.00 to \$22.00 per acre will likely see the result of the increase. Currently a half section of land on the tax roll at \$18.00 per acre, which is average, is paying about the same rate as an \$18,000.00 home in Hamlin.

Booklets on the proposed school improvements have been placed in the business district for the information of the public, according to Cook.

In their statement issued this week the board is urging all of the eligible voters to express their desires on the bond issue by voting June 18, regardless of whether they or for or against the bond issue.

Albany Fail Fatal For Gary Ikler, 31, Rites Held Sat.

Services were held here Saturday at 2 p.m. in Calvary Baptist Church for Gary Edward Ikler, 31, a Hamlin resident since 1948.

Ikler, an employee of Cook Construction Co. of Abilene, was killed about 10:30 a.m. Friday while working as a welder at phase-out operations at the Albany Atlas missile site, one-half mile south of Albany. He was working with a cutting torch which apparently cut through his safety belt.

A co-worker said he turned around just in time to see Ikler fall over 160 feet to his death and was helpless to do anything to prevent the tragedy.

Rev. Carrell Watkins, pastor, officiated. Burial was in the Hamlin Memorial Cemetery.

He was born Oct. 24, 1935, in Overton. He married Margie Nell Grimes in Abilene Mar. 18, 1955. He was a member of Calvary Baptist Church.

Survivors are his wife; two sons, Ricky and Danny; two daughters, Gay and Pamela, all of the home; his parents, Mr. and Mrs. C. E. Ikler of Abilene; one brother, Larry of Wichita Falls.

Pallbearers were L. B. Bruner, Calvin Embrey, Carl Bingham, Henry Downey, Willie Ails and Archie Carson.

Anson Meeting Set On Emotional Problems June 28

"Emotional Problems and What Can Be Done" will be the subject of the County wide meeting to be held on June 28th, according to Mary Y. Newberry Jones County home demonstration agent. The meeting will be held at the Anson First Baptist Church Fellowship Hall at 2:30. Dr. Max Leach, Head of the Psychology Department at Abilene Christian College will be the speaker.

Everyone is invited to attend this meeting that was recommended by the Jones County Home Demonstration women and the Home and Family Living club committee.

Stewarts Attending District Assembly

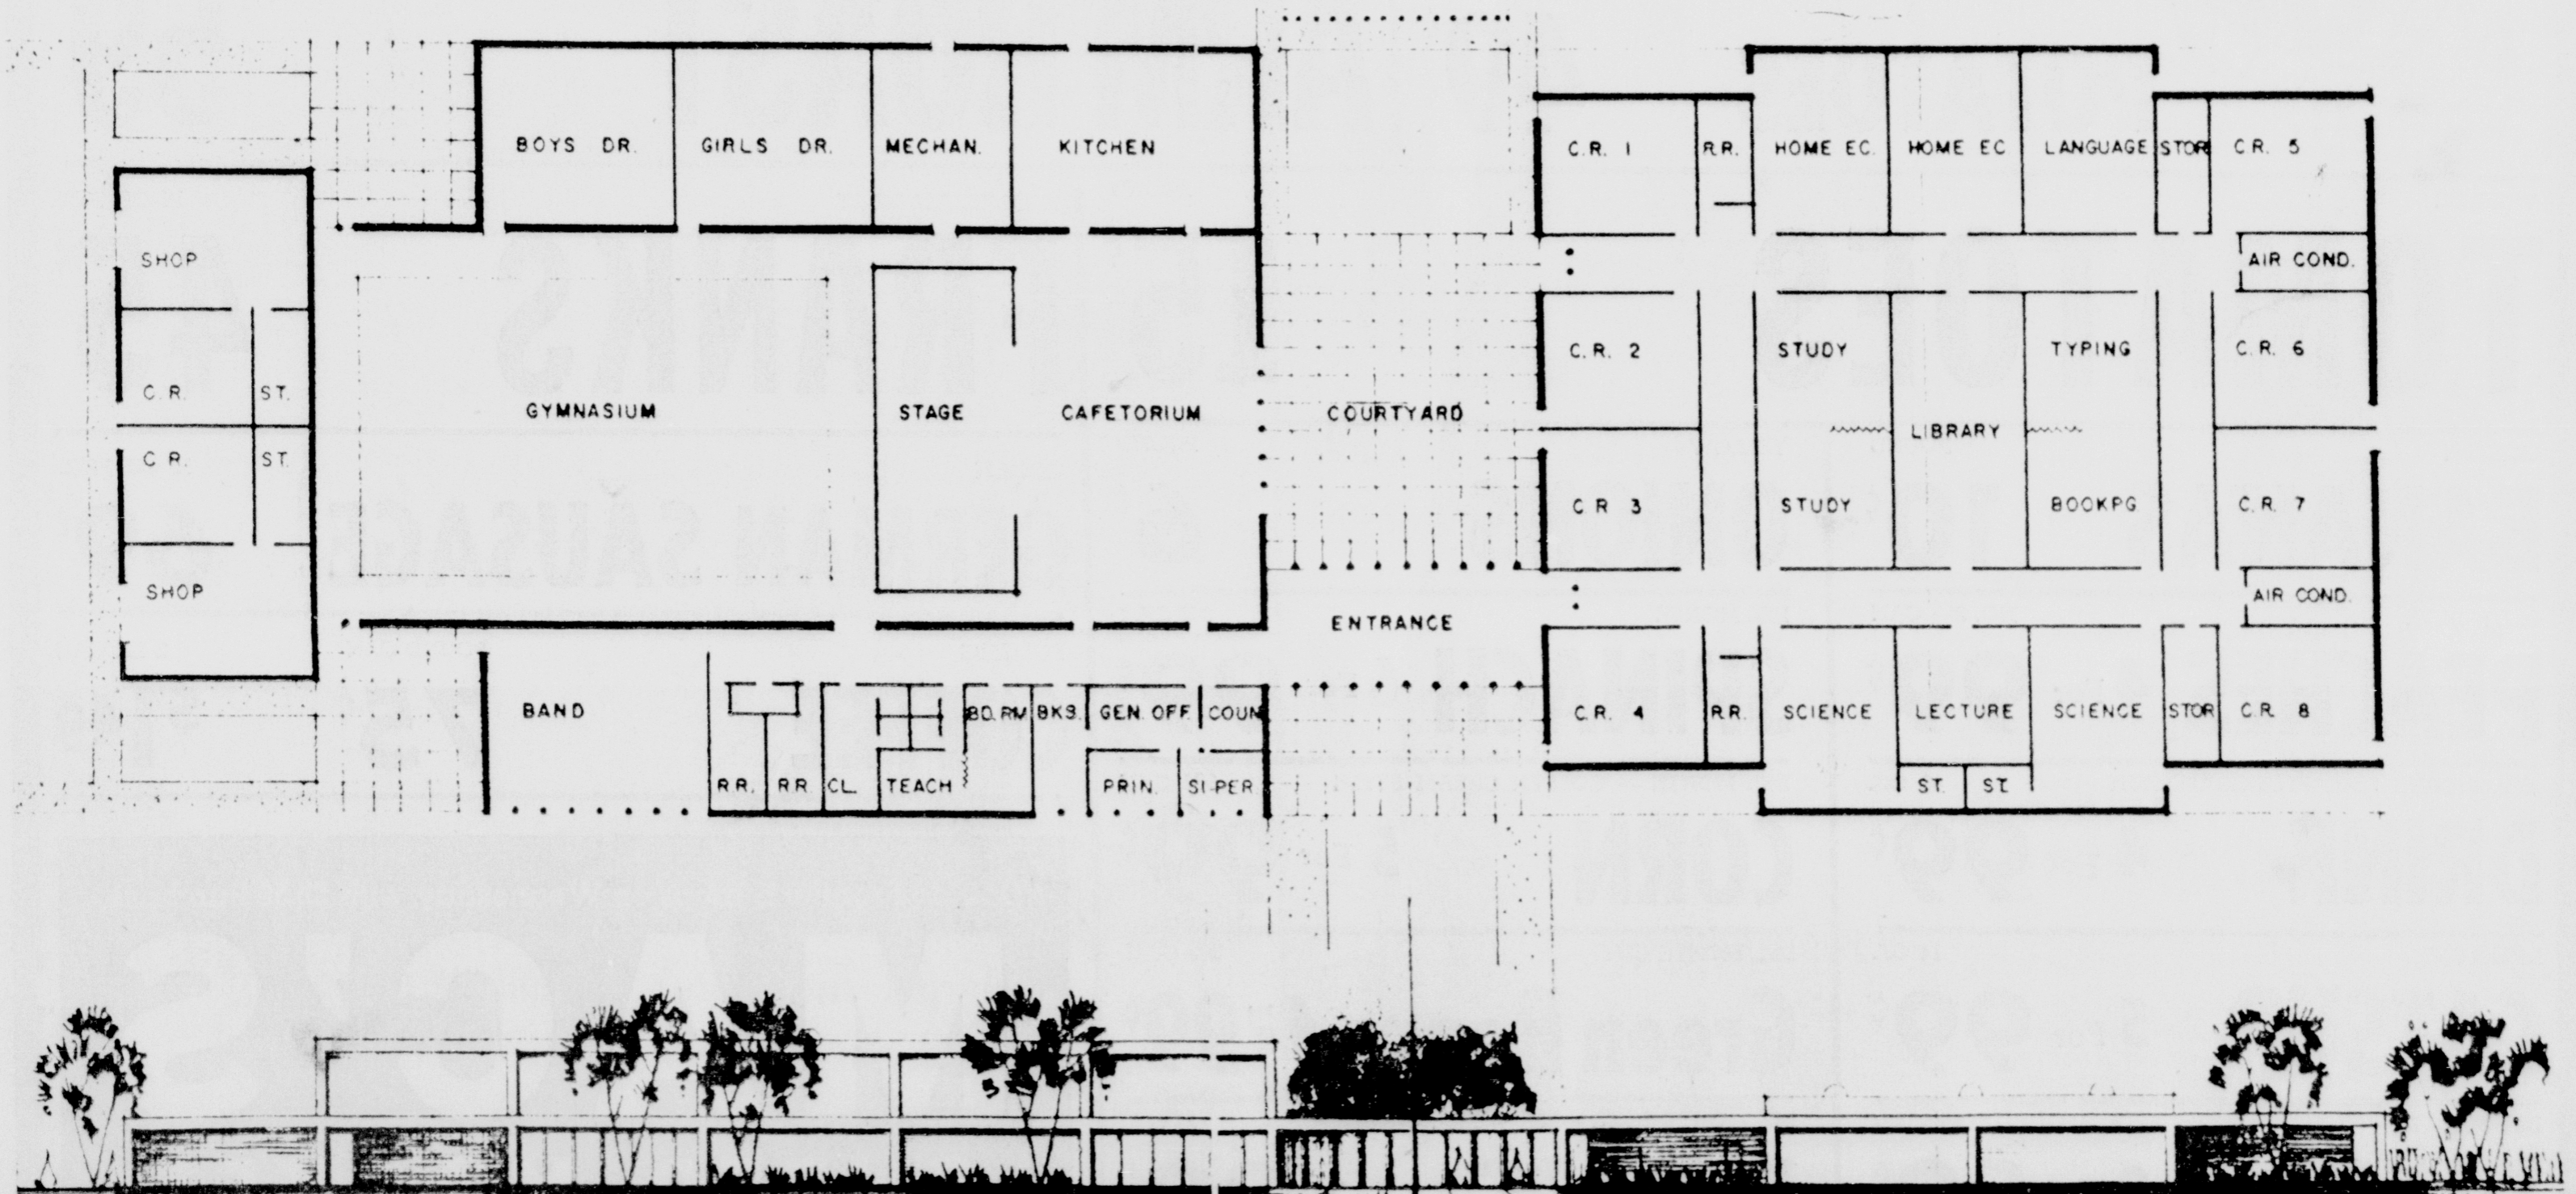

Rev. and Mrs. A. D. Stewart of the Assembly of God church are attending the North Texas District Council of Assembly of God churches being held Monday through Thursday at the Will Rogers Auditorium in Fort Worth.

On Friday the Stewarts will leave to attend the homecoming of the Banner Assembly of God church in Duncan, Okla., where he will be guest speaker Sunday morning.

Mrs. Mamie Miller and Weldon Miller of Abilene will be guest speakers at the local church during their absence.

BRIDGE WINNERS

Mrs. Ray Sonnenburg and Mrs. Gene Knabel were first in the Tuesday evening play of the Hamlin Duplicate Bridge Club. Mrs. Floyd Brisco and Gene Knabel were second, and Mrs. Norris Russell and Mrs. Bland Harrison of Stamford were third. The club meets Tuesday evening at the Oil Mill Guest House.

PROPOSED FOUR GRADE HIGH SCHOOL BUILDING — This is the architects sketch of the new high school being proposed to the voters

Saturday, June 18. Architects for the building will be Title and Luther of Abilene. Complete plans of the building must await the approval of

the \$750,000.00 bond election. Final details of the building will be worked out by the School Board and the architects after this.

MRS. JAYLON LEWIS FINCANNON
... formerly Judy Fitzgerald

Judy Fitzgerald, Jaylon Fincannon Exchange Wedding Vows Saturday

Wedding vows were recited Saturday evening in the First Baptist Church for Judy Fitzgerald, daughter of Mrs. C. L. Howard and the late Mr. J. H. Fitzgerald, and Jaylon Lewis Fincannon, son of Mr. and Mrs. Lewis Fincannon, Abilene, former Hamlin residents.

The double ring ceremony was read at 7:30 p. m. by Rev. Byron Bryant, pastor.

Mrs. Henry Albritton was organist and Mrs. Tim Jones, soloist.

Given in marriage by Mr. Howard, the bride wore a pure white French gown with chantilly lace scalloped at the neckline and elbow length sleeves. The empire-waisted straight skirt was of French crepe and featured the silhouette detachable train. Her squared floating panel chapel train, a combination of the two fabrics, was attached at the shoulders. Her crown of seed pearls held the elbow length veil of illusion. She carried white orchids atop a white Bible, a gift from the groom.

Zelda Ann Bodine of Ackery was maid of honor. Matron of honor was Mrs. Sam Carothers of Dallas, sister of the bridegroom. Bridesmaids were Mrs. Jack Whisenand of Fort Worth, cousin of the bride, Mrs. Ron Buie of Odessa and Ann Johnson of Hamlin.

Attendants wore identical sleeveless gowns of red frosted crepe. The rounded necklines and empire waistlines were accented with red sequined bands. The headresses were matching sequined bands. Each carried a long-stemmed gladiola.

Jeff Willis was best man. Groomsmen who also served as ushers were Doyle Bell, Jim Bearden, of Abilene, David Drummond, and Harry Bradley of Abilene.

Lisa Howard, sister of the bride, was flower girl and Tony Fincannon of Abilene, brother of the bridegroom, was ring bearer.

The reception was held in Fellowship Hall.

Following a trip to Galveston the couple will reside at

Mrs. Clyde Huff Head's Program for LVN Meeting

Div. 73, Licensed Vocational Nurses Association, met Monday evening in the primary cafeteria for a program on current events.

Mrs. Clyde Huff was program chairman.

Ten members were present.

2441 Merchant, Abilene.

The bride, a 1964 graduate of Hamlin High School, is a senior at Hardin-Simmons University, and is employed in the H-SU business office. She served as secretary and interclub council representative of Beta Epsilon Social Club.

The bridegroom, also a 1964 graduate of H. H. S. is a junior at H-SU. He is employed by Southland Corporation.

Rehearsal dinner was hosted by the bridegroom's parents at Sixty-six Sirloin Cafe in Anson.

Cornelius-Woolf Vows Read In Rotan Saturday

Barbara Cornelius, daughter of R. J. Cornelius, and the late Mrs. Cornelius of Rotan, became the bride of Floyd Chester Woolf Jr., son of Mr. and Mrs. Floyd C. Woolf Sr. of Hamlin, Saturday in the Assembly of God Church in Rotan.

Rev. B. J. Curtis of Amarillo read vows.

Cynthia Sanders of Hamlin was pianist and soloist.

Lloyd and Tommy Messick of Rotan were ushers.

The couple was attended by Sandra Woolf, the bridegroom's sister, and Anthony Woolf of Hamlin. Miss Woolf wore a pale blue crepe sheath. The bride, given in marriage by her father wore a gown of lace and nylon sheer over satin. A half crown of orange blossoms held her veil of illusion. She carried white and blue carnations and mums.

The reception followed at the church.

The couple is living here. He is employed with Hamlin Construction Co.

The bride attended Rotan schools. Woolf attended Hamlin Schools and received his high school diploma while serving three years in the U. S. Army.

Literary Club Sets Called Meeting

A called meeting of members of Woman's Literary Club will be held today (Thursday) at 10 a. m. in the home of Mrs. Joe Wayne Carter, according to Mrs. Bob Craig, president.

LOOKING HER BEST FOR

Easter

Easter is a day of conquest ... a day of new life ... a day of beginnings. ... This is the day that our Saviour arose in a mighty triumph over the grave. This is a day of joy ... a day to remember ... a day to attend services in the church that our Lord loved so much, but even though we all want to dress up and look our best for this special day it is not the most important part, for God does not look on outward appearances, but looks on the heart.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
About all we can report weatherwise is that it is dry, and getting drier each day. Cotton is coming up, that isn't already up, but it is a dreary looking world that it sees when it does come peeping out. Maybe it will rain, since it is cloudy this Monday morning. Wheat harvest is partly over, the dry days brought it on sooner than it was expected, some patches are still too green. Haven't heard anyone say how it made, the men are all too busy to figure it up and see.

We are glad to report that George Wainscott is feeling much better, but will not be coming home for a few days yet. He had surgery in Hendrick Hospital last Thursday week.

Mrs. Joe Ford did not feel up to coming to church Sunday, we hope she soon feels better.

Jimmy Wainscott, son of Mr. and Mrs. George Wainscott, arrived home last Wednesday, on leave from Hawaii, where he is stationed with the U. S. Air Force.

Most of the folks out our way were in attendance at the oil mill guest house, Thursday night, when the Neinda Water Supply Corp. met to vote to pass a resolution to request a Federal Loan to build the water system which will serve approximately 250 square miles of Jones and Fisher counties. This will be one of the best things to happen to the Rural people since the R. E. A. brought electric service to the farms. One thing that people do have to have is water. Everyone is hoping that it will bring more people back to the rural areas, since that was the main reason for most of them going to town.

Mr. and Mrs. W. I. Goolsby, of Hamlin, requested that I take this way of inviting the folks of this community to the wedding of their daughter, Jeanette, who will be married Friday night, June 10, at 8 p. m. in the chapel of First Baptist Church, to Jimmy Wainscott, son of Mr. and Mrs. George Wainscott. Jimmy was a life long resident of the Fairview community until enlisting in the service.

Visitors of the Drake family Sunday were, Mr. and Mrs. Andrew Bush, Texas City, his mother, Mrs. Monroe Potter, who resides in the Care Home, in Anson, Mr. and Mrs. Walter Wilemon, of Anson. Mrs. Audrey Bush will be remembered by the old timers as Bertha Weathers. Mrs. Wilemon as Lillie Bush. The Wilemons lived in Texas City for many years too, but moved to Anson to be near her mother when her health got bad.

Clois Henry, and children, were Saturday afternoon visitors of the Henry's. The wife, and mother, is in Texas Tech for a few weeks this summer taking a course.

Tuesday afternoon visitors of the Elmer Joiners were Mr. and Mrs. Roy Taylor, Muleshoe, accompanied by their son, Mr. and Mrs. Harold Taylor and four sons, of Phoenix, Arizona. They were enroute to the cabin on Hubbard Creek Lake, where the grandsons were very eager to start fishing. Having known Harold since he was one year old it is a thrill to see his family of fine boys, some of them bigger than he.

There was an ice cream supper at the Fairview Church, Saturday night, with all of the ice cream that we could eat, besides all of the good cakes. We were having such a good time singing that some thought they would never quit and eat. We have such few that it was a treat to have visitors to play and sing, and we all really enjoyed it.

Time to Control Pecan Case Bearer

Now is the time to control the Pecan Nut Casebearer, according to Jones County agent, Kirby Clayton. Because of the variable weather, Clayton says, that the insects have been later emerging from pupa stage and over a longer period of time. This means that two applications of insecticides will probably give better control than one. Make one now and one 7-10 days later, the agent advises.

A good combination spray for insects, leaf fungus and zinc deficiency, says Clayton is 1 Lb. of 80 % wettable sevin, 1 Lb. zinc and 1 LB. zinc Sulfate per 35 gallons of water. In general a tree requires 1 gallon of the mixed solution per foot of tree height.

joyed it. Mr. and Mrs. M. S. Johnson, Hamlin, Mr. Ralph Goodwin, Eastland, and Rev. and Mrs. Kenneth Leverett, Kimmie, Kristie and Kelly Sylvester, were all visitors. Was the first time our former pastor had visited, so was a treat for all of us.

Mr. Ralph Goodwin, brother of Woodrow Goodwin, came from Eastland, Saturday and spent the night, then Sunday morning they all went to Spur to attend a family get together, honoring a sister, Mr. and Mrs. Archie Hogan, of that city, on their 50th wedding anniversary celebration. The day was spent at the park in Supr. with all taking a basket lunch.

Ronald Joiner spent last week with his grandparents, the Elmer Joiners.

Rev. and Mrs. R. M. Babb went to Abilene, Saturday afternoon to visit with George Wainscott.

Mr. and Mrs. Roy Watts went to Dallas, Sunday, for a reunion of his mother's family, the Cross family.

Mrs. Price Amerson was a Sunday afternoon visitor of the H. L. Ford family. The Ford's lived on her place many years before moving to their present home. Their son, Mr. and Mrs. Jodie Ford and daughter, still live over that way.

Mr. and Mrs. Carl Miller, of Abilene, were Sunday afternoon visitors of the Elmer Joiners. Mrs. Miller is a cousin of Mr. Joiner.

Mr. and Mrs. Henry visited with her brother, Mr. J. E. Boyd, Sunday afternoon, in the rest home in Rotan. She reports him in poor condition suffering the after-effects of several strokes.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin — That mammoth Texas Water Plan was laid out Monday by Gov. John Connally and the staff of the Texas Water Development Board at a special meeting with members of the Legislature.

It shows how Texans can save and improve their water supplies to meet the needs of 30,000,000 Texans expected by the year 2020.

This plan has been called the most comprehensive and far-reaching yet undertaken by a state. It calls for 54 more major reservoirs, for \$1,000,000,000 worth of waste treatment facilities in the 21

major metropolitan areas alone to clean up waste water, and a \$1,500,000,000 system of pipelines and canals to move surplus water from the Red River Basin in Northeast Texas.

This transfer system can only be described as fabulous. First the surplus water would be moved to the Fort Worth-Dallas region. After use, it would be purified and then go down the Trinity River. At a point below Waco, some of it would be moved to the Brazos River to bolster its flow. Near Eagle Lake, some would be moved to the Colorado River to meet downstream irriga-

tion and industrial needs.

Finally, water would be moved into canal from the Colorado down the Gulf Coast to the Lower Rio Grande Valley region, to provide irrigation and industrial water for the vast South Texas region.

By supplementing the flows of the Trinity, Brazos, Colorado and Nueces Rivers near their mouths, the plan would make possible the holding of water in the upstream regions

of the Brazos and Colorado Basins to serve needs of that West Texas area.

Tightly put together, the plan released Monday is but a summary of the conclusions proposed by the Development Board's staff. Hearings will be held in 27 cities to get other ideas and suggestions, or criticisms. Series of hearings will begin on June 17 with the presentation of the West Texas portion of the plan at Lub-

bock. Then the Board's staff will begin river basin hearings on June 20 at Longview. When the series is completed in August, the Development Board will adopt the final version of the plan. It will become a flexible guide by which the cities, river authorities, water districts, and state and federal agencies will develop the resources of Texas streams.

Before any project actually can be undertaken, its individual feasibility and a method of financing must be shown to the Texas Water Rights Commission, which will approve and grant permits for each project.

Court Speak — State Supreme Court threw its weight behind the decision that once-submerged lands (mud flats) rising from the floor of Laguna Madre in Cameron County are not vacant and unsurveyed public school property

subject to sale or lease on application. Ruling, affirming lower courts, upheld position of Land Commissioner Jerry Sadler in refusing to accept application to purchase a tract 15 miles northeast of Brownsville.

Third Court of Civil Appeals sustained transfer of two small sections of land from Frenship Rural High School District to Shallowater Independent School District of Lubbock County.

Same Court said the Pennsylvania Insurance Company cannot get refund of \$101,589 in gross premium taxes paid under protest for a firm acquired in merger.

Third Court of Civil Appeals directed Savings and Loan Commissioner James O. Gerst to reconsider his denial of a charter to Northwest Savings Association of Houston.

Cattlemen Trying Out New Freeze-Branding for Livestock

Texas cattlemen have been quick to try the newly developed freeze-branding for livestock, according to county agent Kirby Clayton. The way it works is simple enough. The agent says that copper branding irons are cooled to about 94 degrees F. below zero by a mixture of dry ice and alcohol. The dry ice cools the alcohol and the alcohol cools the branding iron.

When the iron is applied, it destroys pigment producing hair follicles and the hair grows out a permanent white. It makes an extremely legible brand that can be read on the longest haired animals from a distance. It would be a big help identifying cattle in winter when the hair coat is extra long, Clayton said.

Another advantage is that freeze-branding doesn't harm

the hide like hot-branding. Estimates are the cattle industry loses several million dollars each year from hides ruined by hot brands.

The freeze-branding is supposedly painless. It's permanent and leaves no scars or thickening areas to cause a dock in price for the hide.

Clayton cautions that the freeze-branding is still an experimental procedure, so no recommendations for its widespread use have been made. Also, the technique is so new it isn't even mentioned in the branding laws. Branding officials are studying the technique to possibly include it in the law books.

It's important that animals' hair be clipped around the area to be branded to get better contact with the skin. In Washington, researchers use cordless clippers. Then they wet the clipped surface with alcohol and apply the brand.

Several animals in the A&M beef cattle herd at College Station have been freeze-branded experimentally. A&M researchers are using dry ice and acetone. They report good results from 30 to 40 second contacts.

The freeze-branding is fairly inexpensive usually less than a nickel a brand. According to Washington researchers, all-white animals can also be freeze-branded using a nitrogen chilling method.

HD Agent Seeking Girls to Compete For Gold Star

Jones County 4-H Club girls wishing to compete for the 1966 Gold Star Award are urged to contact Mary Y. Newberry, Jones county home demonstration agent by June 30th.

A committee composed of the Home Demonstration Three "E" committee, the home demonstration agent, and Karen Sullivan-1965 Gold Star girl will tour the home of eligible candidates for the Gold Star award and judge their demonstrations and record books.

Six Flags Now Open Full Time

Beginning Monday, May 30, Six Flags Over Texas will be open seven days a week from 10 a. m. to 10 p. m. This schedule will be in effect throughout the summer months until Labor Day, September 5.

The popular 115-acre tourist attraction in Arlington has been operating on weekends only since opening this year on April 15.

Attendance figures to date are 162,468 as compared to 175,077 last year at the same time. However, Six Flags officials consider the current figures gratifying inasmuch as torrential rains this Spring affected approximately 75 percent of the Park's total operating days.

Reporting on Monday will be another 500 college and high school students who have been added to the Six Flags staff for the summer months. This brings the total complement of the Park's famed corps of lively young hosts and hostesses to 1,500.

Former Student Tapped for NHS

Janet Kelley, a junior student at Carlsbad, N. Mex., High School, was tapped into the National Honor Society. Thirty-one juniors, five percent of the class were chosen for the honor.

Dixie Kelly, a freshman at Mid-High was tapped into the Junior Honor Society. Three percent of the class were chosen. Students who are again tapped in Senior High become members of the National organization.

The girls are daughters of Mr. and Mrs. Jack Kelley, former residents of Neinda. Mrs. Kelley is a teacher in the Carlsbad public schools.

Jerry Cooper In Fort Hood Band

Houston — Army Pvt. Jerry R. Cooper, a clarinet player in the 1st Armored Division's jeep-mounted band from Fort Hood, Tex., participated in an Armed Forces Day parade in Houston, May 21.

Cooper, son of Mrs. Edna G. Cooper, 720 N. W. Avenue F, and members of the band made their first off-post appearance in several months in the 20-block-long parade. Riding in a convoy of Army jeeps, the musicians played several current march arrangements.

The parade also featured late developments in the division's armored vehicles and weapons.

He entered the Army last January and completed basic training at the fort.

The son of Roy E. Cooper, Route 1, he is a 1964 graduate of Hamlin High School.

Board Sets Lubbock Meeting On New Texas Water Plan June 17

Austin — A two-pronged meeting of the Texas Water Development Board has been scheduled June 17 in Lubbock.

The first phase of the meeting, said Joe G. Moore Jr., executive director of the TWDB, will be devoted to West Texas in the Texas Water Plan while the second portion will be an official meeting of the Board. Both meetings will be open to the public.

A team from the Texas Water Development Board, headed by Moore and John Vandertulip, chief engineer for the TWDB, will discuss the Texas Water Plan, keying their remarks largely to West Texas, the High Plains, El Paso, and the Trans-Pecos section of the State. Also taking part will be Dr. Hebert Grubb, assistant professor of agriculture economics at Texas Technological College, and Edward G. Weber of Amarillo, a member of the 2020 Water Study Committee for the High Plains. Mills Cox of Gay Hill (Washington County), chairman of the Texas Water Development Board, will preside at the Board meeting.

Also attending the meetings will be the Texas Water Rights Commission and several TWRC staff members.

The opening session of the day-long meeting will be held in the auditorium at Texas

Technological College, beginning at 9 a. m. The TWDB meeting will begin at 1:30 p. m. in the In-Town Inn in Lubbock.

The Lubbock meeting will be the first scheduled following release of the Texas Water Plan in Austin Monday and will open a round of meetings throughout the State during June, July and August.

The Texas Water Plan has been developed at the request of Gov. John Connally "in the public interest and to aid the economic growth and general welfare of the State." The Plan is a flexible guide for the development and conservation of the State's water resources until the year 2020 when the State's population is expected to pass the 30.5 million figure.
